SN Travel – 01/2014 – 01/2016
Frontend Developer and Hotels Coordinator

About the Company

Stoke Newington Travel is an independent travel agency that offers a very personal and intimate service. They offer competitive flights, holidays, hotels, city breaks, insurance and car hire.

Experience and Goals Achieved:

- Redesign and redevelopment of the company's Website, rewriting hardcoded CSS, HTML and Javascript in order to make the Website Mobile First, Responsive and fully User friendly through study of UX and Feedback from clients and staff.
- Management of Special offers on the website, improvement of forms and newsletters including call to action redesign and better conversion analysis.
- Integrated jQuery plugins on the Website to better improve customer experience and make the Website easier to use.

URL: <http://www.sntravel.co.uk>

Projects:

Luxury Travel Website - <http://www.beluxe.uk>

The Website was made on WordPress following requirements:

- User Friendly and intuitive design
- Fast and powerful search system
- Map based search
- Offers page

Travel Search Engine – completed 12/2015

The project is divided in several layers:

- Frontend development of the website
- Managing of backend staff in order to connect with Travel API
- Coordination with the Travel Company and Developers in order to meet deadlines
- Payment gateway accreditation (Verifone)
- Requirements testing and sign off

I was in charge of managing the whole project from research to sign off.

Technologies Used:

JavaScript, HTML5, jQuery, CSS3, GIT, PHP, Facebook API, Bootstrap

Sardatur Holidays – 02/2013 – 9/2013
Frontend Developer and Sales Consultant

About the Company

Sardatur Holidays is an UK-based Tour Operator dealing as a specialist for Italy and Sardinia.
